Please answer the following questions in as much detail as possible. (Note- do you have all necessary permission or at least have been talking with the appropriate person for future approval? Do your preliminary research before filling out this form, including budget considerations. Review this with your mentor before submitting your first proposal. Your primary mentor should not be your parent. Have you reviewed the Cadette and Adult Guidelines for the Silver Award?)

The Stuttgart Higher Awards Committee is here to help you. Please do not hesitate to email us to ask for help (email, zoom calls, etc.). We want to help you succeed with your Silver Project.

1. Describe your Silver Award Take Action Project.

2. What is the community issue your project addresses?

3. All Silver Award projects must target the root cause of a community issue. What is the root cause of this issue? How does your project address the root cause?

4. All Silver Award projects must include a plan for sustainability beyond your involvement. How do you plan to ensure your project is sustainable and makes a lasting impact in the community?

5. All Silver Award projects should have at least one SMART goal. What is your goal and how will you measure your progress towards the goal?

6. How will you show leadership in your project? If you are working as part of a group or team, each of you must have different leadership responsibilities.

7. How will you let others know about your project and the community issue it addresses?

Approved – please proceed with your project.

Not Approved – please review our comments and resubmit your proposal.
